Do I need an ID to Register?

The New York State registration form will ask you to provide either the last four digits of your social security number or your drivers license number. Once registered you will not be asked to present identification again. If you do not provide your social or drivers license number on your form, you will be required to present identification the first time you arrive to vote in person in the form of a photo identification card or utility, banking, or government document that provides your full name and current address.

Do I Register at School or Home?

College students have a choice about where to register to vote. Students must decide between their school or home address for voter registration purposes.

- **Register at School Address** Students attending college in Ulster County may register at their campus address. You must plan to return after temporary absences, like summer break, but do not have to reside in our community permanently. Students living on campus at Suny New Paltz should include what dorm/building they are residing in so that mail communications can be routed appropriately.
- **Register at Home Address in New York State** You must complete a voter registration form and mail it to the appropriate County Board of Elections where your home address is located.
- **Register Out of State** Contact your home County or City for instructions on voter registration requirements in your state.

Students who choose to register at a permanent address outside of Ulster County may need to request an absentee ballot.

Where Do I Vote?

Students residing at SUNY New Paltz housing generally have a campus polling location at the Student Union, but if you reside off campus or attend a different school such as SUNY Ulster Community College, you must identify the correct polling location to cast your ballot. Find your poll site using the Poll Site Lookup Tool at our website VOTEULSTER.COM.
